The Pull Telegraphic Correspondence. The meagerness of the Queen's Message as telegraphed Monday evening, was the subject of much remark. The report yesterday afternoon furnished an explanation, as well as the Message of Her Majesty in full. We append the correspondence

EXPLANATORY. NEW YORK, Aug. 17.

The following message was received from Trinity Bay for Mr. Archibald, one of the Hon-orary Directors of the Atlantic Telegraph Com-TRINITY BAY, Aug. 17.

To E. M. Archibald, New York -The Queen's message was completed at five o'clock this morning and it was commenced yesterday, and during its reception, Valentia desisted sending of F S Thorpe, J A Camp, Esq., and Dr R McMeens. It is intended to make the demonstration worthy of the day, which it is designmentable. South, as if it constituted the whole

Signed, DeSAUNTY.

CORRESPONDENCE WITH THE PRESIDENT. The following despatch was immediately sent Washington, together with that from Mr. Archibald:

New York, August 17. "To the President of the U.S., Washington: I beg leave to transmit a message this m received from Trinity Bay, explaining the cause which prevented the whole of the Queen's Message being telegraphed from Valentia.— Shall we consider your message to Her Majes-ty a full reply, and date it this day accordingly?

> Signed, PETER COOPER. THE PRESIDENT'S ANSWER.

WASHINGTON, Aug. 17. The President authorizes the transmission of his Measuge to the Queen of England precisely as it is, and without any change of date.

THE QUEEN'S MESSAGE!

To THE HON. THE PRESIDENT OF THE UNITED STATES —Her Majesty desires to congratulate the President upon the successful completion of the President upon the successful completion of the Architects, Messre Renwick and Rodthis great international work, in which the Queen has taken the deepest interest.

The Queen is convinced that the President will join with her in fervently boping that the electric cable which now connects Great Britain with the Privited States will process additional with the President of the west front there are so be towers, the north tower to be

with the United States will prove an additional link between the nations, whose friendship is founded upon their common interest and reciprocal regard. The Queen has much pleasure in thus communicating with the President, and renewing to him her wishes for the prosperity

THE PRESIDENT'S REPLY.

The President confinity reciprocates the congratulations of Her Majesty, the Queen, on the success of the great international enterprise eccomplished by the science, skill, and indomitable energy of the two countries. It is a triare glorious, because far more useful to umph more glorious, because ar more useful to mankind, than was ever won by conqueror on the field of hattle. May the Atlantic Telegraph, under the blesving of Heaven, prove to be a bond of perpetual peace and friendship between the kindred nations, and an instrument, destined by Divine Providence, to diffuse religion, civiliration, liberty and law throughout the world In this view, will not all nations of Christen dom spontaneously unite in the declaration that it shell be forever neutral, and that its commu-nications shall be held sacred in the passage to their places of destination, even in the midst of

JAMES BUCHANAN. Signed. Washington, Aug. 16, 1858.

The vineyants produce grapes fully equal to the giving a larger and more airy appearance to the church. finest grown in Europe, in flavor and color The vanit of the roof will be of masonrycomparing well with the Black Hamburg - the only one of any size in the United States. August 1st, 1857, there were over half a milion bearing vines growing in the city, yielding an average product of eleven pounds to each vine. The product in 1857 was fully four milion pounds of grapes. They brought three cents per pound for the San Francisco market, cents per pound for the San Francisco market, cents per pound for the San Francisco market, the purchasers gathering the grapes from the The Cathedral was designed by James Ren vine. The picking, packing, and freight to San
Francisco, made the cost of grapes in that market Scents per pound. The quantity of wine
made from the vintage of 1857 was 350,000

The Tenth of September Celebratics.

Despite the warnings and Inmentations of ur respected Canada neighbor who sways the estimes of the Windsor Herald, the celebration of Perry's Victory at Put in Bay is a fixed fact." The initiatory steps are being taken in the American Lake cities, and in Cleveland Messrs. H. V. Willson, J. W. Fitch, J. P. Ross, S. O. Griswold, L. A. Pierce, E. Kinsman, D. P. Rhodes, Wm. B. Castle, and Geo. A. Benedict, have been appointed a Committee

of Arrangements. The splendid steamer Ocean, Capt. Evans, will take up the Cleveland crowd, and if any Lake city turns out a larger or better on the occasion, we will make a note of it with pleas-

The Sandusky Register of yesterday makes the following note of the Monument movement in that city

The Executive Committee of the Perry Monthe Executive Committee of the Ferry Mon-umental Association have appointed the follow-ing gentlemen a committee to correspond with the committees of the other Lake cities in refrence to the celebration of Perry's Victory, on the Tenth of September, and to make such arrangements as may be necessary for the occasion, viz :-Hon. E. Cooke, W. E. Pierson, Esq., ed to commemmorate by the erection of a mon-ument on "Gibraltar." The association start ed some six or seven years ago for this purpose will be revived, and it is hoped that, by the cooperation of the Lake cities, it may be placed out cok out cok on an effective basis.

The Cathedral of the Continent!

Archbishop Hughes, of New York, has comnenced the construction in that city of the most imposing Cathedral on the American contry of charcoal pig metal. This works an entire type of the corner revolution in the fron business, and opens up a timent. The ceremony of laying the corner stone took place on Sunday, the 15th, and the trade vast in its consequences. It furnishes : stone took place on Sunday, the 15th, and the concourse of people is estimated by the Tenes at one hundred thousand. The new St. Patastrophysics and the concourse of people is estimated by the Tenes at one hundred thousand. The new St. Patastrophysics will be a limit to the quantity required. The operators at Trinity Bay await your an-rick's Cathedral will stand on the block of ground bounded by Fifth and Madison avenues. and by Fiftieth and Fifty-first streets, and is to be raised some five feet above the level of the sidewalk, and surrounded by a terrace. In his address, the Archbishop stated that one hundred and three persons had subscribed, and many of them had already paid, \$1000 each, to carry forward the great work of the new Cathedral during the first year of its progress. Schjoined is a description of the building as furnished by

feet wide. On each corner of the west front there are to be towers, the north tower to be capped with a high pointed roof, and the south one to bear a lofty openwork spire 333 feet in height from the psyement to the cross. A mocle porch, deeply recessed, and fringed with long pendants, will occupy the space between the towers; above this will rise the gable, to the height of 150 feet from the ground, ornamented with a large rose window

At a distance of twenty three feet from the To Her Majesty Victoria, Queen of Great centre, immense buttresses will rise on the sides and rear; these are to be constructed of solid masonry, and will sustain the arches and vault ed roof; they are to terminate with foliated pin-nacles and support the walls of the clerestory with graceful flying buttresses. Between each buttress in the side aisles and elerestory will be richly traceried windows. The church is to be entered by several flights of marble steps. The material is not yet decided on. The
